In order to avoid confusion and maintain consistency throughout your project, the agency you choose for the review must be the inspecting agency used throughout the project through its completion.

Please Note: For each agency there is a \$50.00 deposit due for all residential construction.
\$500.00 deposit due for all new non-residential construction.
\$2500.00 deposit due for all other non-residential construction.

This deposit is made payable to the agency and required at the time of application.

While this deposit is non-refundable, the balance will be credited toward the final permit fee.
